

Highland Cow

Kids Canvas Painting Guide

You will need: Preprinted 8 x 10 canvas, acrylic paints, large and small brushes
Water, paper towels, and a palette or paper plate

Ready-to-use paints: light blue, caramel tan, cream, pink, brown, black, and white. No mixing needed.

1. Blue background

Start with your preprinted canvas. Paint light blue around the cow. Use a large brush, then a small brush near the edges. Keep the cow white. Use thin coats so the printed lines can show through. Rinse and blot your brush. Let dry.

2. Fluffy tan fur

Paint the hair, face, outer ears, and body caramel tan. Brush in the direction of the fur. Keep the horns, muzzle, bow, and eyes white. Leave a small white curve inside each ear for pink. Let the tan dry.

3. Cream horns and muzzle

Use a small brush to paint both horns cream. Paint the large muzzle cream too. Leave the two small nostrils white for now. Keep the eyes and bow white. Rinse and blot your brush. Let the cream dry.

4. A pretty pink bow

Paint the bow pink, including its knot and hanging ends. Add a pink curve inside each ear, like the picture. Use a small brush and thin coats. Rinse and blot your brush. Let the pink dry.

5. Bring her face to life

Paint the nostrils brown. Paint the dark eye areas black. Keep the eye crescents and shine dots white. Let dry, then use white to tidy the shines. The printed fur lines, eyebrows, and smile show through. You do not need to paint over these lines.

6. Dry and clean up

Check for small white gaps and cover them with the matching paint. Lay your finished canvas flat to dry. Close the paint pots. Rinse your brushes, blot them gently, and wipe your work area. Your Highland cow is finished!

Thin coats - Dry between colors - Have fun!

Print artwork at Actual size / 100%. Guide: US Letter. Ages 8-14.
