

PAINT NIGHT Flowers in Vase

ACRYLIC PAINTING GUIDE

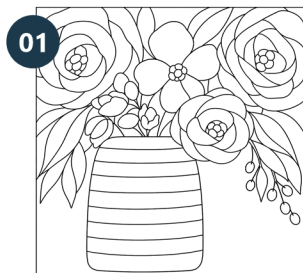

MATERIALS

Preprinted canvas, acrylic paints, large & small brushes, water cup, paper towels, palette or paper plate.

PAINTS

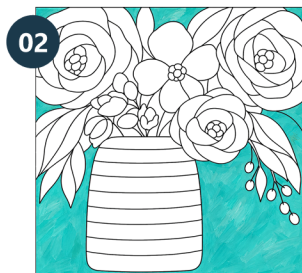

White, black, turquoise, blue, green, rose red, yellow, orange, brown

Use rose red from the paint list for all pink mixtures.

Prepare your canvas

Start with the printed outline. Protect your table. Use thin coats; rinse and blot your brush between colors.

Turquoise background

Mix turquoise with a little white. Paint around the bouquet and vase with short, loose strokes. Let dry.

Block in the greenery

Mix green with a little brown. Fill leaves and spaces between flowers. Keep the petals, centers and berries white.

Paint the vase bands

Mix blue with a little black for navy. Alternate navy and white bands, starting at the top. Follow the curves; let dry.

Soft blush blooms

Mix white with a little rose red for blush. Fill the upper-left and lower-right blooms. Leave their centers white.

Warm apricot petals

Mix orange with white for apricot. Fill the upper-right flower with curved strokes. Leave its center white.

The rose-red flower

Use rose red for the five central petals. Pull strokes from each petal tip toward the center. Leave the center white.

Golden buds & centers

Mix yellow with a touch of brown for gold. Paint the small buds and all flower centers. Let every base coat dry.

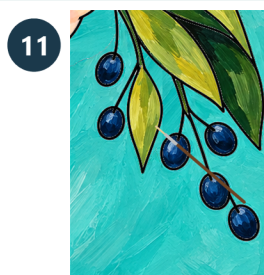

Blend the petals

Shade blush with rose red, apricot with orange, and rose red with a touch of brown. Add white for highlights. While wet, feather edges with a clean, damp brush.

Leaf & vase highlights

Mix green with yellow for leaf highlights. Add white to navy for vase streaks; white with a speck of brown shades white bands. Follow the curves.

Berries & final details

Mix blue with a little black for berries. Add white to this mix for shine dots. Shade gold with brown; dot with yellow and white.

Dry flat & clean up

Let the completed canvas dry lying flat. Wash and reshape brushes, wipe your palette, and close the paint pots.
