

Autumn Fox

ACRYLIC PAINTING GUIDE

Materials

Preprinted 8 × 10 canvas • Acrylic paints • Large and small brushes
Water cup • Paper towels • Palette or paper plate
Paints: white, black, yellow, orange, green, brown

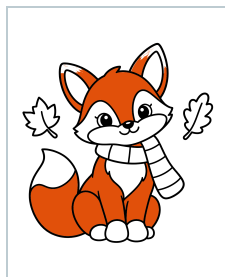

01

Start with the outline

Protect your table. Follow the preprinted lines. Keep the background white. Use thin coats; rinse and blot between colors.

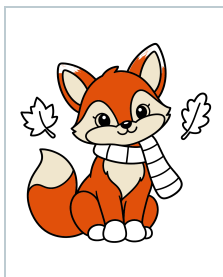

02

Warm orange fur

Paint the head, outer ears, body and lower tail orange. Leave the face patches, chest, tail tip and scarf white.

03

Soft ivory markings

Mix white with a tiny touch of yellow and brown for ivory. Paint the face patches, inner ears, chest and tail tip.

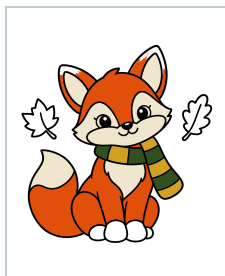

04

Forest-green stripes

Mix green with a little brown. Fill alternating printed scarf sections, starting with green at the left of the neck.

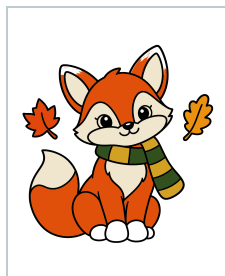

05

Golden scarf stripes

Mix yellow with a little orange. Fill the remaining scarf sections, keeping the printed stripe divisions clear.

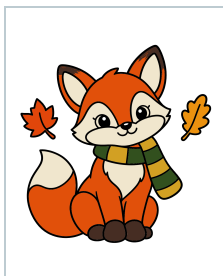

06

Two autumn leaves

Paint the left maple leaf orange. Mix yellow with a little brown for the right oak leaf. Follow each leaf from stem to tip.

07

Dark paws & features

Mix brown with a little black for the paws and ear tips. Touch up the eyes, nose and smile in black; keep white eye dots.

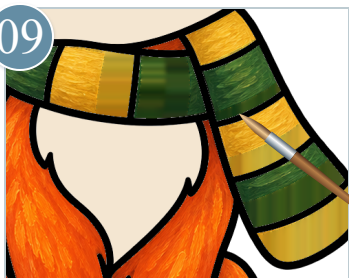

08

Layer the fur

Mix orange with a little brown for shadows. Pull short strokes along the cheeks, body and tail; keep lighter orange showing.

09

Scarf light & shade

Mix green with yellow for light strokes on green stripes. Mix yellow with white for gold highlights. Let base coats dry first.

10

Leaf veins & tips

Use brown for the printed leaf veins. Mix orange with yellow for maple highlights; add white to yellow for bright oak tips.

11

Gentle finishing light

Mix white with a touch of brown for soft fur shadows. Add fine white strokes to ivory areas and tiny white eye glints.

12

Dry & clean up

Lay the canvas flat until fully dry. Wash brushes, wipe the palette and close the paint pots.

Thin layers • Dry between stages • Build texture gradually
