Hokie Sunset

Canvas Painting Guide

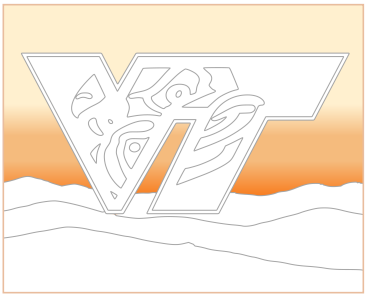

Materials: Preprinted 10 x 8 horizontal canvas, acrylic paints, large and small brushes
Water cup, paper towels, palette or paper plate

Paints: cream, peach, orange, light blue, medium blue, dark blue, maroon and white
Ready-to-use colors supplied - no mixing recipes.

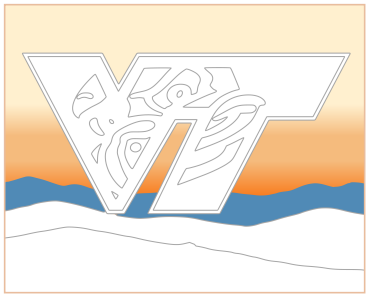

1. Paint the cream sky

Start with the preprinted canvas. Use cream around the emblem, above the mountains. Keep the emblem and mountain bands white. Brush thin coats. Rinse and blot between colors.

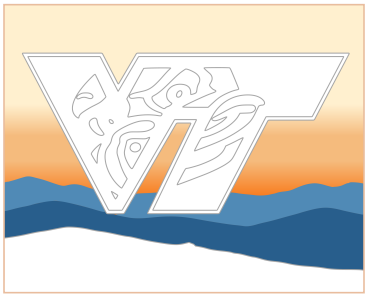

2. Add the ready sunset

Use peach across the middle sky and orange just above the mountains. Feather the touching edges with light sideways strokes. Let dry.

3. Paint the far ridge

Use light blue for the highest mountain band. Fill to the next line. Keep the lower bands and emblem white. Let dry.

4. Add the middle ridge

Fill the middle mountain band with medium blue. Follow the curves with sideways strokes. Keep the nearest mountain and emblem white. Let dry before painting beside it.

5. Fill the nearest ridge

Use dark blue in the lowest mountain band, right to the bottom edge. Keep its upper edge clear. Let dry.

6. Paint the maroon

Use maroon in the emblem and its small inner marks. Leave the HokieBird details and narrow border white. Use two thin coats, drying between them. Turn the canvas for control.

7. Frame and finish

Paint the narrow border with orange. Let dry. Fill the HokieBird details with white.

8. Dry and clean up

Lay the finished canvas flat until fully dry. Wash and reshape both brushes, wipe your palette and close the paints.

Thin coats - Let layers dry - Enjoy painting
