

PAINT NIGHT

Halloween Gnome

ACRYLIC PAINTING GUIDE

Materials

Preprinted canvas • Acrylic paints • Large and small brushes
 Water cup • Paper towels • Palette or paper plate
 Paints: white, black, red, yellow, blue, green and brown

Prepare the canvas

Protect your table. Follow the printed lines. Work in thin coats; rinse and blot brushes between colors.

Set the atmosphere

Mix blue, a speck of black and white for a smoky sky. Paint around every outline; leave the shapes white.

Ground & moonlight

Mix brown, a speck of black and a little white for the ground. Use white with a little yellow for the moon; paint bats black.

Block in the plum

Mix red and blue with a touch of brown for plum. Paint the hat, brim and coat; keep the band and buckle white.

Add the autumn color

Mix yellow, a little red and a touch of brown for russet orange. Paint pumpkins and band, including the buckle center. Leave faces and stems white.

Nose & leather shoes

For peach, mix white, a little yellow and a tiny touch of red. Paint the nose peach and shoes brown.

Shape the beard

Paint the beard and mustache white. Mix white with a speck of black and brown for warm gray; pull curved strokes toward the tips.

Finish the base colors

Mix green with a touch of brown for the stems. Mix yellow with a touch of brown for the buckle rim. Let dry.

Build depth

Mix red, blue, brown and a speck of black for hat shadows. Mix yellow, a little red and extra brown for pumpkin grooves. Blend edges softly.

Define the lanterns

Over dry paint, fill the pumpkins' printed eyes and mouths with black using the small brush. Keep the edges controlled.

Catch the light

Mix white with a little yellow for ivory. Add sparing highlights to the hat, nose, shoes, buckle and pumpkin tops; finish with fine beard strands.

Dry & care for tools

Let the canvas dry flat. Wash and reshape your brushes, wipe the palette and close your paint pots.

Thin layers • Dry between stages • Build texture gradually
