

Paint Night

Christmas Gnome Painting Guide

Materials

Preprinted canvas • Acrylic paints • Large and small brushes
Water cup • Paper towels • Palette or paper plate
Paint colors: white, black, red, yellow, blue, green and brown

1 Set up your canvas

Cover your table. Follow the printed outlines. Rinse and blot your brush between colors.

2 Paint the background

Mix white with a touch of blue for the sky. Paint snow white. Work around the outlines.

3 Paint the trees

Fill trees green. Leave ornament circles white. Add short, downward branch strokes.

4 Paint the hat and coat

Use red in thin layers. Leave the nose, beard, pom-pom and light circles white.

5 Add the nose and shoes

For peach, mix white, a little yellow and a tiny touch of red. Paint the nose peach and the shoes brown.

6 Paint the fluffy whites

Paint beard and pom-pom white. Paint the mustache white too. Shade with white, a touch of blue and a speck of black.

7 Add depth and texture

Mix a little brown into red for hat folds. Add a little yellow to green for tree highlights.

8 Light up the hat

Paint bulbs yellow over a dry white base. Add white shine dots and touch up the black cord.

9 Paint the tree lights

Use blue and yellow. Let dry, then add tiny white dots to make the ornaments shine.

10 Brighten the snow

Mix white with a touch of blue for snow shadows. Add white highlights to the snow and beard.

11 Add finishing touches

Let paint dry before fixing edges. Add a few white snow dots to the hat if you like.

12 Let it dry

Lay your canvas flat until dry. Wash your brushes, close your paints and admire your gnome!

Thin coats • Let layers dry • Make it your own
