Bamboo Panda

Acrylic Painting Guide

Materials: Preprinted 8 × 10 canvas • Acrylic paints • Large and small brushes
Water cup • Paper towels • Palette or paper plate
Paints: white, black, yellow, green

1. Start with the outline

Cover your table. Find the panda, ears and bamboo lines on your canvas. Rinse and blot your brush between colors.

2. Sunny background

Mix yellow with a little green. Paint all around the panda and bamboo with criss-cross strokes. Let it dry.

3. White face

Paint the face white with a thin coat. Go around the eye patches and nose. Let the smile lines show through.

4. Black ears & body

Use black and your big brush. Paint both ears and the body, right up to the face and bamboo lines.

5. Eye patches & nose

Use black and your small brush for the eye patches and nose. Leave the two tiny eye circles white.

6. Bamboo stalk

Mix green with a little yellow. Paint the long bamboo stalk and its thin twig. Let it dry.

7. Bamboo leaves

Paint all five leaves with plain green. Brush from the bottom of each leaf out to its pointy tip.

8. Rings & shadows

Mix green with a tiny dot of black. Paint each printed ring and a soft shadow along the bottom of the stalk.

9. Light on the bamboo

Mix green, yellow and white. Paint a thin line down each leaf and a light stripe along the top of the stalk.

10. Shiny ears & arm

Mix white with a tiny dot of black for light gray. Paint a curved shine on each ear and along the arm.

11. Eyes, nose & smile

Trace the smile lines in black with your small brush. Add white eye dots and a gray shine on the nose.

12. Dry & clean up

Lay the canvas flat until it is fully dry. Wash brushes with soap and water, wipe the palette and close the paints.
